Next County Committee Meeting: December 11
2013 @ 10 am

The Farm Service Agency makes loans to rural youths to establish and operate income-producing projects in connection with 4-H clubs, FFA and other agricultural groups. Projects must be planned and operated with the help of the organization advisor, produce sufficient income to repay the loan and provide the youth with practical business and educational experience. The maximum loan amount is \$5000.

Youth Loan Eligibility Requirements:

- Be a citizen of the United States (which includes Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands) or a legal resident alien
- Be 10 years to 20 years of age
- Comply with FSA's general eligibility requirements
- Reside in a rural area, city or town with a population of 50,000 or fewer people
- Be unable to get a loan from other sources
- Conduct a modest income-producing project in a supervised program of work as outlined above
- Demonstrate capability of planning, managing and operating the

project under guidance and assistance from a project advisor. The project supervisor must recommend the project and the loan, along with providing adequate supervision.

Stop by the county office for help preparing and processing the application forms.

Changing banks

Almost all Farm Service Agency payments are made electronically using direct deposit. To keep the system running smoothly, it's critical to keep the county office staff up to date on changes you might make in your financial institutions. If you have changed accounts or institutions that might affect the direct deposit of your FSA payments, contact the FSA county office so we can update our files to insure continued uninterrupted service.

Unauthorized Disposition of Grain

If loan grain has been disposed of through feeding, selling or any other form of disposal without prior written authorization from the county office staff, it is considered unauthorized disposition. The financial penalties for unauthorized dispositions are severe and a producers name will be placed on a loan violation list for a two-year period. Always call before you haul any grain under loan.

FSA Signature Policy

Using the correct signature when doing business with FSA can save time and prevent a delay in program benefits. The following are FSA signature guidelines:

- Spouses may sign documents on behalf of each other for FSA and CCC programs in which either has an interest, unless written notification denying a spouse this authority has been provided to the county office
- Spouses shall not sign on behalf of each other as an authorized signatory for partnerships, joint ventures, corporations, or other similar entities

For additional clarification on proper signatures contact your local FSA office

Microloan Program

The Farm Service Agency (FSA) developed the Microloan program to better serve the unique financial operating needs of beginning, niche and small family farm operations.

FSA offers applicants a Microloan designed to help farmers with credit needs of \$35,000 or less. The loan features a streamlined application process built to fit the needs of new and smaller producers. This loan program will also be useful to specialty crop producers and operators of community supported agriculture (CSA).

Eligible applicants can apply for a maximum amount of \$35,000 to pay for initial start-up expenses such as hoop houses to extend the growing season, essential tools, irrigation and annual expenses such as seed, fertilizer, utilities, land rents, marketing, and distribution expenses. As financing needs increase, applicants can apply for a regular operating loan up to the maximum amount of \$300,000 or obtain financing from a commercial lender

under FSA's Guaranteed Loan Program.

Individuals interested in applying for a microloan or would like to discuss other farm loan programs available, should contact the local FSA office to setup an appointment with a Loan Approval Official.
